

Khushi Panwar

Data Analyst | Data Scientist | Machine Learning Engineer | AI Developer

New Delhi, India · your-email@example.com · github.com/panKhushi · linkedin.com/in/your-profile

SUMMARY

MCA (AI & ML) student who builds things at the intersection of data and product — dashboards that executives actually open, models that ship instead of sitting in a notebook, and full-stack platforms that put both to work. Core tools: Python, SQL, Power BI, and React.

EXPERIENCE

Freelance Data Analyst — Self-employed / Freelancer.com

2025 — Present

- Built Power BI dashboards and Excel reporting systems for small business clients
- Delivered data analysis and Python automation engagements for freelance clients

Independent Projects — CareerIQ & Sales Analytics Pipeline — Personal / Portfolio

2025 — Present

- Designed and seeded a 20-table Supabase database with ~1.9M rows of Indian-context data
- Built an AI resume-intelligence pipeline with taxonomy-driven skill extraction
- Built a Kafka producer, Docker/KRaft setup, and PostgreSQL schema with Power BI-ready views

EDUCATION

MCA — Artificial Intelligence & Machine Learning — Your University Name

2024 — 2026

BCA — Computer Applications — Your College Name

2021 — 2024

SKILLS

Programming: Python, SQL, JavaScript, TypeScript, Java

Analytics: Excel, Power BI, Tableau, Statistics

ML & AI: Machine Learning, Deep Learning, NLP / LLM tooling

Libraries: Pandas, NumPy, Scikit-learn, TensorFlow, Keras, React

Databases: MySQL, PostgreSQL, MongoDB, Supabase

SELECTED PROJECTS

CareerIQ

AI-powered career-intelligence platform with a 20-table Supabase schema, FastAPI backend, and React dashboards for students, colleges, and recruiters.

Real-Time Sales Analytics Pipeline

Kafka producer, Docker/KRaft setup, and PostgreSQL schema with Power BI-ready views for a simulated Indian e-commerce market.

AI Resume Intelligence Pipeline

PDF extraction, section parsing, and taxonomy-driven skill extraction across tech and non-tech domains, with a precision/recall/F1 evaluation harness.
